

## CBLSM1-X-Y-Z (Animatics Custom Build-to-Order)

Custom Multi-Motor Power and Communications Daisy Chain Cable for networking Power and Communications to Multiple Animatics SmartMotors.

These cables are made to order where:

**X** = cable length in Feet from the first motor to the Power and Serial connectors

**Y** = Number of Motors

**Z** = distance in feet from one motor to the next

**Note:** This part numbering system does not allow for different length between each motor daisy chain network.

The RS-232 Communications lines are in a separate shielded cable from the main power cable for optimum noise immunity.

**Example:**

**CBLSM1- 10- 3- 5** would give you a 3-motor cable with 10 feet to the first motor and 5 feet between each motor.

### Example of 3-Motor CBLSM1-X-Y-Z shown
